GET TO KNOW US

The team at Safetec follows exemplary quality control procedures when developing and manufacturing all products, and complies strictly with standard FDA and EPA regulations. Safetec produces products sold both nationally and internationally to distributors with infection control, first aid, and compliance customers. The focus of our products is to help reduce the risk of cross-contamination and support in the prevention of spreading infectious disease while fulfilling mandated compliance guidelines.

The diverse product line and customized private label opportunities enable us to work within a wide variety of markets, including hospitals, physician offices, emergency medical, correctional institutions, industrial facilities, transportation systems, schools, tanning salons, restaurants, etc. You can reach us on our toll-free number and gain direct access to the experts, who can assist you with detailed information about product usage and help distributors with any further questions.

- Turn-Key Private Label products must match existing Safetec products in sizes, counts, inner cartons, case pack offs, and etc.
- Turn-Key Private Label pricing will vary based on yearly volume and may be adjusted due to final artwork submission/colors.
- Production lead time begins after final art approval from customer, Safetec, and FDA/EPA (if applicable)
- Please allow 10 to 12 weeks for production, following art approval. (larger scope projects may take longer)
- Customer must accept overruns of +/- 10%. (industry standard)

FDA Submission Charges

Our Quality Assurance Department works with a third party service, Data Conversion Laboratory (DCL) to review and format our label submission to ensure that it clears FDA Technical Validation. Every label submission Safetec provides will be listed in the FDA's database, on the DailyMed and available publicly.

\$500 submission fee: **If a product is NOT currently on the DailyMed** #11111 \$ _____ \$ _____ \$ _____ \$ _____ \$ _____

- This could include many different forms of packaging, of the same product. (i.e. If the pouch is requested with 2 different sizes such as a 10ct box and 100ct box, that will be all included in the fee. Additional boxes/packoffs in the future will incur a "revision" fee, to add another size of that same product)
- This fee is only for 1 single product (It is more cost effective if all of the sizes are submitted at the same time for each product)
- Labeler Code# development and NDC# development may be needed
- If it is a current product but has not been digitally submitted and not on DailyMed, this process will need to be performed and fee will be applied

\$250 revision fee: **If a product is currently on DailyMed and another size needs to be added for that product**

#11112 \$ _____ \$ _____ \$ _____ \$ _____ \$ _____

- A revision is changing a current product on DailyMed or adding another packaging option to the same product line
- "Cosmetic" changes do not need to be submitted, but changes like kill claims, drug facts, company info or sizes/weights do
- A new NDC may be issued but labeler code is already established

Final Total \$ _____

For dieline template, additional questions and/or services such as barcodes, marketing materials, and custom art quotes, contact:

Heidi Daly, Marketing Manager

Email: heidi@safetec.com • Phone: 716-895-1822 ext. 136

All Artwork must be designed as outlined above and failure to meet specified requirements will result in additional costs and delay in the printing and final production time of product

ARE YOU MISSING OUT?

Join the Safetec Loyalty Program!

What is the Safetec Loyalty Program?

The Safetec Loyalty Program is a program that is open to a select group of valued customers year after year. Your continued business will not go unrecognized, and at Safetec we have some *great incentives, rebates, product launches and sample programs* to offer you!

Earn 2% – 4% Back!
(in product credit)

Can I earn credits back with the Safetec Loyalty Program?

Absolutely! Each year you will be given a sales goal to grow 10% from the previous year. Once you reach your goal, you can earn 2% back. If your growth is significant enough, you can earn up to 4% back in product credits!

What is included in the Safetec Loyalty Program?

To ensure the success of every member of the loyalty program, Safetec is pleased to offer *branded collateral, product videos and training, lead generation, technical data sheets, competitor product comparisons, and product images.*

Have a Favorite Safetec Product?

We would love to hear from you about which product(s) are your favorite from the Safetec line, and why. Feel free to email us at sales@safetec.com to give your feedback on your favorite products.

Be on the lookout for Safetec Loyalty Program emails and alerts containing important information just for you in your inbox.

check out our NEW RELEASES

It's been an exciting year full of new products!

We launched SaniZide Pro 1™, a 1-minute surface disinfectant, reformulated our Pain Relieving line, and introduced a line of first aid ointments in reusable tubes.

Keep an eye out for more new products throughout 2020!

- SaniZide Pro 1™

SaniZide Pro 1™ Surface Disinfectant

(1-Minute Surface Disinfectant Spray and Wipes)

Safetec's SaniZide Pro 1™ is a broad spectrum, EPA Registered surface disinfectant that combines cleaning and disinfecting in one simple step with its ready-to-use, alcohol-based hospital-grade formula. SaniZide Pro 1™ makes staying compliant even easier by reducing the risk of cross-contamination with true, one-minute kill claims that are effective at killing 48 microorganisms and safe for repeated use on hard, non-porous surfaces.

Ideal for use in:

- Hospitals
- Medical or Dental Offices
- Ambulances
- Ambulatory Surgical Centers
- Nursing Homes
- Laboratories
- Pharmacies
- Veterinary Offices*
- Other Healthcare related institutions

*Reference our veterinary claims sell sheet for more information

35923	SaniZide Pro 1™ Wipes (150 ct. canister)	12/case
35910	SaniZide Pro 1™ Spray (32 oz.)	6/case

150 ct. wipe size: 6" x 6.75"
Individual wipe size: 8" x 8"

Effective against: MRSA, VRE, Tuberculosis, Influenza, Poliovirus, Norovirus, Rhinovirus, and Wuhan Coronavirus.

SaniZide Pro 1™ contains Ethanol (CAS 64-17-5) as a disinfectant, which in California is considered to be carcinogenic to humans when ingested in the form of an alcoholic beverage [IARC 1]. SaniZide Pro 1™ also contains the following ingredients which do not appear on any listing of chemicals of concern as designated by the State of California or the European Union: Purified Water (CAS 7732-18-5) as a diluent, Propylene Glycol (CAS 57-55-6) as a solvent, Citric Acid (CAS 77-92-9) as a pH adjuster, Decyl Glucoside (CAS 68515-73-1) as a surfactant, Didecylmonium Chloride (CAS 7173-51-5) as a disinfectant, Lauryl Glucoside (CAS 110615-47-9) as a surfactant.

SaniZide Plus® Surface Disinfectant Spray

SaniZide Plus® is a convenient, fast-acting, multi-purpose, broad-spectrum cleaner, disinfectant, and deodorizer for environmental surfaces. Our alcohol-free formulation is a non-flammable, non-corrosive, EPA registered, quaternary ammonium compound that meets non-hazardous shipping requirements. SaniZide Plus® controls mold and mildew, helps prevent cross-contamination, and helps you comply with the OSHA Bloodborne Pathogens Standard, which requires the use of an intermediate level (tuberculocidal) disinfectant where gross contamination is known to have occurred.

For use on: Floors, walls, metal surfaces, stainless steel, porcelain, glazed ceramic tile, plastic surfaces, shower stalls, bathtubs, cabinets, or anywhere normally treated with a disinfectant. For plastic or painted surfaces, spot test on an inconspicuous area before use.

Effective Against:

- **H1N1**
- **MRSA**
- **HIV-1**
- **Tuberculosis**
- **HEP**
- **E. Coli**
- **VRE**
- **Avian Flu A**

SaniZide Plus® Germicidal Wipes

Our pre-saturated hard surface wipes kill TB, MRSA, VRE, E Coli and more in 10 minutes and HIV-1 in 2 minutes. When you reach for a SaniZide Plus® Wipe, you get a wipe that is durable and leaves behind virtually no lint or particles to scratch or contaminate surfaces. Our alcohol-free formula is non-flammable, safe to ship and non-corrosive on surfaces. The ready-to-use SaniZide Plus® Wipes clean, disinfect and deodorize hard non-porous surfaces normally treated with a disinfectant.

For Use On: Gurneys, isolettes, hospital beds, shower stalls, sinks, toilets, grocery carts, changing tables, cribs, trash cans, gym equipment, non-porous personal protective equipment or anywhere normally treated with a disinfectant.

160ct wipe size: 6" x 6.75"

Red Z® and Green-Z® Bottles

Help improve operating room turnover and worker safety when handling or transporting liquid medical waste with the use of pre-measured Single and Multi-Use Bottle Solidifiers – Red Z® and Green-Z®. The bottles are great for suction canisters, urology bags, and kick buckets.

- Available in a variety of single/multi-use packaging options
- Fast-acting and easy-to-use
- Eliminates splashing and aerosolization
- Cost-effective cleanup solution*
- Red Z® Solidifier differs from Green-Z® by containing a small amount of chlorine to deodorize and control odor

**Dispose of infectious waste in accordance with all local, state and federal regulations*

Red Z® Spill Control Solidifier

First developed by Safetec in the late 1980s, Red Z® Solidifier was used to help prevent infection during the AIDS epidemic. Unexpected spills can happen anytime, anywhere – no matter what type of industry. With the use of Red Z®, you can reduce the risks from improper spill cleanup by relying on the solidifying agent to do the hard work for you.

- Fast-acting and easy-to-use
- Eliminates splashing by solidifying and turning spills into a semi-solid (gel) mass
- Deodorizes spills (contains chlorine)
- Cost-effective cleanup solution

Green-Z® Spill Control Solidifier

(Chlorine-Free Formula)

At times, workers may be unintentionally exposed to blood and bodily fluid spills along with other harmful substances such as toxic chemicals, biological hazards, and chemotherapy agents. To help reduce those exposure risks, rely on Green-Z® for improved safety in your spill cleanup operations.

- Contains fast-acting, superabsorbent polymers
- Chlorine-free (safe for use on chemotherapy, glutaraldehyde and mercury spills)
- Eliminates splashing by solidifying and turning spills into semi-solid (gel) mass
- Cost-effective cleanup solution

Single-Use Pouches

Red Z® Pour-In Pouches

Help improve operating room turnover, efficiency, and safety when handling or transporting liquid medical waste with the use of pre-measured solidifier Pour-In Pouches. The pouches work great with an easy-pour angled design and are ideal for narrow openings of suction canisters.

Order No.	Description	Case Qty.
41131	Red Z® 1 oz. Pour-In Pouch	100/case
41132	Red Z® 2 oz. Pour-In Pouch	100/case

Red Z® / Green-Z® Drop-In Pacs

Drop-In Pacs are a medical solidifier with an advanced self-dissolving technology to instantly absorb and solidify fluid waste. Containing the same effective super-absorbent polymers as used in Red Z® and Green-Z® bottles, these slender pouches are now made with a faster acting innovative water-soluble paper.

Order No.	Description	Case Qty.
41108	Red Z® Drop-In (up to 750cc)	300/case
41175	Red Z® Drop-In (up to 1500cc)	100/case

42175	Green-Z® Drop-In (up to 1500cc)	100/case

Zafety Pac

(Smallest Single-Use Solidifier)

Help reduce handling, shipping, and compliance risks of diagnostic specimens, infectious substances, and dangerous goods by using superabsorbent Zafety Pacs. These lightweight pre-measured (single-use) small solidifier pac provide unique absorption and encapsulation properties ideal for safe compliant packaging and specimen transportation.

42031 Zafety Pac Shown

Order No.	Description	Case Qty.

Speedy Cleanz® Fluid Absorbent

The economical alternative to Red Z®. Apply Speedy Cleanz® to vomit or urine as well as other body fluid spills and watch it transform the liquid into an odorless, semi-solid mass. Speedy Cleanz® non-slippery formula is perfect for use on floors. Its non-toxic, biodegradable properties make it environmentally friendly, and easily disposable. Perfect in schools, veterinary offices, industrial facilities, or anywhere there is the possibility to come in contact with body fluid spills.

Order No.	Description	Case Qty.
41100	Speedy Cleanz® 16 oz. shaker top bottle	12/case
41097	Speedy Cleanz® 16 oz. bag	24/case

FSC-1 Formalin Spill Control

Aids in reducing exposure to formaldehyde gas by immobilizing formalin and transforming it into an easily removable semi-solid mass. The resulting mass cools rapidly to minimize formaldehyde off-gassing.

Order No.	Description	Case Qty.
47101	FSC-1 11 oz. shaker top bottle	12/case

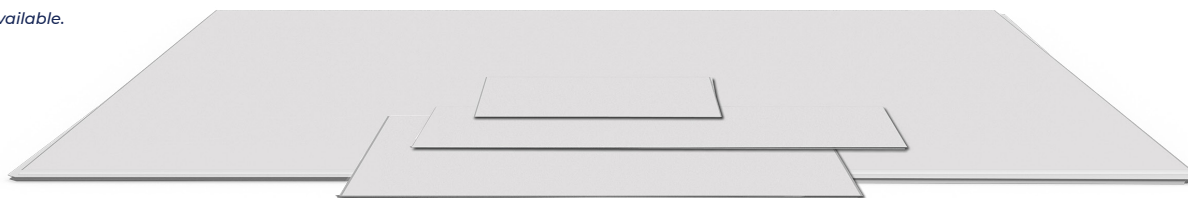

Zorb Sheets

Help reduce handling, shipping, and compliance risks of diagnostic specimens, infectious substances, and dangerous goods by using superabsorbent Zorb Sheets. These lightweight space-saving versatile sheets provide unique absorption and encapsulation properties ideal for safe, compliant packaging and specimen transportation.

- UP Compliance Kit

EZ-Cleans Plus® Kit

Includes personal protection items for the clean up of blood or body fluid spills. Encapsulating and containing potentially infectious spills helps reduce employee exposure to infectious waste, as well as possible cross-contamination.

Each kit contains:

- Vinyl Gloves (1 pair)
- Red Z® Solidifier (10g pouch)
- Scoop/Scraper
- SaniZide Pro 1™ Disinfectant Wipe (8" x 8")
- Paper Towel
- Red Biohazard Waste Bag (24" x 24")
- Twist Tie
- p.a.w.s.® Antimicrobial Hand Wipe (5" x 8")
- Instructions

Perfect for: Hospitals, Nursing Homes, Schools, School Buses, Laboratories, Doctor's Offices, Airlines, Police Departments, and Hotels.

Order No.	Description	Case Qty.
17121	EZ-Cleans Plus Kit® (poly bag)	24/case

Perfect for: Schools, School Buses, and Public Transportation.

National Standard EZ-Cleans® Kit

Used for the clean up of body fluid spills, this kit is an economical alternative for workers not needing complete face and body protection.

- Easy to use, all kit components are disposable
- Contains Red Z® Solidifier, a fast and effective solution to solidify blood and body fluids while also removing odor

Each kit contains:

- Pair of Vinyl Gloves
- Odor Mask
- Red Z® Solidifier (10g pouch)
- Scoop/Scraper
- SaniZide Pro 1™ Disinfectant Wipe (8" x 8")
- Red Biohazard Waste Bag (24" x 24")
- White Disposal Bag
- Twist Ties (2)
- p.a.w.s.® Antimicrobial Hand Wipes (2 - 5" x 8")
- Instructions

Order No.	Description	Case Qty.
25000	National Standard EZ-Cleans® Kit (poly bag)	24/case
25005	National Standard EZ-Cleans® Kit (hard case)	12/case
25006	National Standard EZ-Cleans® Kit (metal case)	24/case

Perfect for: Hospitals, Nursing Homes, Schools, School Buses, Laboratories, Doctor's Office, Airlines, Police Departments, and Hotels.

Universal Precaution Compliance Kit

Greatly reduce infectious risk factors your workers face every day from improper body-fluid spill clean up. **This kit helps meet the OSHA Compliance 1910.1030 Bloodborne Pathogens Standard** by combining personal protection and clean up items mandated by OSHA, CDC, and State Health Departments.

Order No.	Description	Case Qty.
17100	UP Compliance Kit (poly bag)	24/case
17102	UP Compliance Kit (hard case)	12/case

Each kit contains:

- Vinyl Gloves (1 pair)
- Protective Apron
- Combo Mask/Safety Shield
- Red Z® Solidifier (10g. pouch)
- Scoop/Scraper
- SaniZide Pro 1™ Disinfectant Wipe (8" x 8")
- Red Biohazard Waste Bag (24" x 24")
- Twist Tie
- p.a.w.s.® Antimicrobial Hand Wipe (1 - 5" x 8")
- Identification Tag
- Instructions

Perfect for: Emergency Vehicles, Emergency Rooms, Clinics, Funeral Homes, and Nursing Homes.

EZ-Personal Protection Kit

Provides complete exposure protection from potentially infectious blood or body fluid. This completely disposable kit is great in emergency vehicles, emergency rooms, clinics, funeral homes, nursing homes, and more.

Order No.	Description	Case Qty.
17606	EZ-Personal Protection Kit (poly bag)	24/case

- Fluid-Impervious Gown
- Combo Mask/Safety Shield
- Red Biohazard Waste Bag (24" x 24")
- Twist Tie
- p.a.w.s.® Antimicrobial Hand Wipes (5" x 8")
- Instructions

Solidify and contain hazardous chemical spills with minimal exposure

Chemotherapy Spill Kit

Protect and clean up spills involving cytotoxic therapy drugs. This kit features Green-Z® solidifier to solidify and contain hazardous chemical spills for quick and easy clean-up and disposal with minimal exposure.

Order No.	Description	Case Qty.
49725	Chemotherapy Spill Kit (poly bag)	12/case

Each kit contains:

- Nitrile Chemotherapy Gloves (2 Pairs)
- Full-Face Safety Shield
- Chemotherapy Gown
- Green-Z® Solidifier (21g Pouch)
- Scoop & Scraper
- Wiper Pads (2)
- Shoe Covers (non-slip)
- Yellow Biohazard Waste Bag (33 gallon)
- Twist tie
- Identification tag
- Instruction Card
- Caution Sign

Reduce exposure to formaldehyde gas by minimizing off-gassing.

Formaldehyde Spill Response Kit

Features FSC-1 to aid in reducing exposure to formaldehyde gas in the event of a spill. The formalin is transformed into an easily removable semi-solid mass. The resulting mass cools rapidly, minimizing formaldehyde off-gassing.

Order No.	Description	Case Qty.
48630	Formaldehyde Spill Kit (hard case)	1 each
48625	Formaldehyde Spill Kit (poly bag)	1 each

Each kit contains:

- Nitrile Gloves (1 pair)
- Respirator
- Fluid-Impervious Gown
- Vented Goggles
- Scoop/Scraper (4)
- FSC-1 Solidifier (11 oz. bottle)
- Wiper Pads (3)
- Clear Disposal Bags (4 - 30" x 36")
- Twist Ties (4)
- Instructions

Multi-Purpose Spill Kit

Solidifies gallons of various spills. The easy to carry and store molded plastic case fits easily behind a truck seat or spill response cart. Developed for use by medical, industrial, transportation, and spill response personnel. This kit meets the requirements for compliance with the D.O.T. 1713 hazardous discharge, EPA 623.30 immediate action, and 263.31 discharge clean up.

Each kit contains:

- Pair of Nitrile Gloves
- Vented Goggles
- Respirator
- Green-Z® Solidifier (15 oz. Bottle)
- Acid Lock® Solidifier (15 oz. Bottle)
- Alky® Solidifier (15 oz. Bottle)
- Petro Lock Absorbent (8 oz. Bottle)
- Scoop/Scraper (3)
- Caution Tape Roll
- Drop Cloth
- Zammie® Sewer Stopper (15" x 21")
- Clear Disposal Bags (3 / 30" x 37")
- Twist Ties (3)
- D.O.T. Incident Report Tag
- Instructions

Great for containing large spills in the Medical, Industrial, and Transportation fields.

Order No.	Description	Case Qty.
15201	Multi-Purpose Spill Kit (hard case)	1 each

Protective Gown

(Latex Free)

Unisex, fluid-impervious closed-back gown shields and/or guards the wearer from potentially infectious or harmful substances. Federal and state statutes govern the use of such apparel.

Gown Size: Large

Order No.	Description	Case Qty.
2410062	Protective Gown	50/case

Poly-Lined Paper Bag (Vomit)

Helps prevent leakage and allows for safe disposal. Perfect for use in schools, buses, hospitals, doctors offices and even the workplace. Contains built-in metal tab closure.

Bag size: 4.75" x 3.25" x 9"

Order No.	Description	Case Qty.
2110014	Poly-Lined Paper Bag (Vomit)	1,000/case

Red Biohazard Disposal Bags

Our Red Biohazard bags come in two sizes and are used in hospitals, offices, labs, nursing homes, clinics, emergency rooms, and other medical facilities. All Red Biohazard bags are clearly labeled with the Biohazard emblem in both English and Spanish.

Please follow your local, state, and federal guidelines when disposing of potentially hazardous waste products.

Order No.	Description	Case Qty.
2110105	Red Biohazard Bag (33" x 39")	150/case
2110122	Red Biohazard Bag (24" x 24")	500/case

Scoop and Scraper

The scoop and scraper is an integral part of the safe disposal system for removing solidified bodily fluids and bio-hazardous spills. The scoop and scraper are attached with a perforated section to easily break apart and begin use. Once the spill has been collected and scraped into the scoop, it should be disposed of in the proper receptacle or biohazard bag.

53410	First Aid & Burn Cream 0.9g pouch (144 ct. box)	12/case

Antiseptic Spray

(with Benzalkonium Chloride & Benzocaine)

Cut & Scrape Antiseptic Spray provides temporary pain relief and aids in preventing infection in minor cuts, scrapes, and abrasions. Our convenient 2oz. “no-touch” spray makes it a perfect fit in a first aid kit, glove compartment, or drawer.

Isopropyl Alcohol Spray

(70% Isopropyl Alcohol)

Provides a convenient method for cleaning and sanitizing minor cuts, scrapes, and abrasions. The 2 oz. “no-touch” spray dispenser fits easily into a first aid kit, glove compartment, or drawer. Just spray over the affected area to help prevent infection, dries in seconds.

Hydrogen Peroxide Spray

The painless formula makes it the most requested antiseptic treatment for minor cuts, scrapes, and abrasions. Comes in a convenient “no-touch” pump spray dispenser. Just spray the affected area and allow the peroxide to bubble out dirt and bacteria. Allow to dry before bandaging.

Itch Relief Spray

(with Diphenhydramine)

This spray provides temporary relief from pain and itching associated with minor skin irritations and rashes due to poison ivy, poison oak, poison sumac, and insect bites. Available in our “no-touch” 2 oz. spray bottle, convenient for first aid kits, bags, backpacks, camping, hiking, and more. Stop the pain and the urge to itch and reduce your chance of secondary infection.

Order No.	Description	Case Qty.
53000	Antiseptic Spray 2 oz. spray bottle	24/case
53001	Hydrogen Peroxide 2 oz. spray bottle	24/case
53002	Isopropyl Alcohol 2 oz. spray bottle	24/case
57001	Itch Relief 2 oz. spray bottle	24/case

Sting Relief

(Available in spray or wipes)

Provides temporary relief from pain & itching caused by insect stings & bites. Simply apply Sting Relief to the affected area and feel relief fast; dries instantly. Choose from individually wrapped towelettes or the “no-touch” spray applicator. If you can stop the urge to itch, you can reduce your chance of a secondary infection.

Wipe size: 1.125" x 2.75"

Order No.	Description	Case Qty.
52001	Sting Relief 2 oz. spray bottle	24/case
52013	Sting Relief Wipe (bulk)	3,000/case
52014	Sting Relief Wipe (150 ct. box)	20/case
52015	Sting Relief Wipe (10 ct. box)	100/case

Oral Pain Relief

Provides fast mouth sore relief for canker sores, gum pain, toothache, dental work, cheek bites, denture irritation, and minor irritation or injury of the mouth and gums.

Order No.	Description	Case Qty.
